HISTORIC TRIANGLE DRUG PREVENTION COALITION

MESSAGE FROM THE CHAIR

I am very excited for the opportunity to serve as Chair of the Historic Triangle Drug Prevention Coalition (HTDPC). As a member of the HTDPC for the past two years, I have been continually impressed by the mission and work of this remarkable coalition. I currently provide mental health and recovery educational opportunities for healthcare workers across many areas of care.

As evidence shows there can be a connection between mental health and harmful use of substances, I am hopeful that my insight into the mental wellbeing of adolescents and my current work within a healthcare system dedicated to helping individuals achieve recovery will be of value to the coalition. I encourage you to reach out to me to discuss the passions, ideas, and resources that you each bring to the HTDPC.

Yours in partnership, Jennifer Campbell-Raab
